ANES Off-Wave Environmental Survey

Introduction

Knowledge Networks conducted a study focusing on peoples' attitudes and opinions about environmental issues, on behalf of Hamilton College. The survey was conducted using the American National Election Studies (ANES) panel sample. This sample is comprised of U.S. citizens in the general population aged 18 or older as of November 4, 2008. The survey was fielded between August 6 and September 8, 2009.

Information on the initial and resulting sample sizes and the study completion rate is provided below.

Sample Size and Completion Rate

Sampled	Completed Survey	Survey Completion Rate
3,601	2,277	63.2%

Data File Deliverables and Descriptions

Data are provided in SPSS format, and a sampling weight for each case is included in the final file. In addition to the data from the survey, selected demographic variables from the existing ANES panel data for respondents completing the ANES Off-Wave Environmental Survey are included. These profile variables are owned by the ANES and are provided for analysis and reporting. It should be noted that age data are provided as of November 4, 2008, because this is the format in which the ANES program will release these data to the public.

A unique linking identification number (CASEID_SO) is included with the data. This identification number will allow linking of cases in the file with released ANES public use files. More information and released data can be found at the following website:

http://www.electionstudies.org/studypages/2008_2009panel/anes2008_2009panel.htm.

The table on the next page shows the name and description of supplemental and profile variables included with the survey data. In addition to the listed items, a series of variables collected on other ANES waves that did not gather data specifically for ANES purposes are provided. It is important to note that the final version of these data for the ANES as a whole is still in the development and processing stage. Therefore, the variables ultimately released by the ANES may differ somewhat from those provided with the current file.

Supplemental and Profile Variables

Variable Name	Variable Description
CaseID	Unique case identification number
CASEID_SO	ANES Case Linking ID Number
weight	Cross-Sectional Weights
tm_start	Interview start date and time
tm_finish	Interview finish date and time
PPGENDER	Gender
PPAGE	Age as of November 4, 2008
PPETHM	Race / Ethnicity
PPEDUC	Education (highest degree received)
PPRENT	Ownership Status of Living Quarters
PPINCIMP	HH Income
PPMARIT	Marital Status
PPHHSIZE	Household Size
PPWORK	Current Employment Status
PPSTATEN	State (numeric)
PPNET	Household Internet Access

Key Personnel

Key personnel on the Perception of Economic Security Survey include:

Mike Dennis – Senior Vice President, Government & Academic Research. M. Dennis is based in the Menlo Park office of Knowledge Networks.

Phone number: (650) 289-2160

Email: mdennis@knowledgenetworks.com

Bill McCready – Vice President, Client Service. B. McCready is based in the Chicago office of Knowledge Networks.

Phone number: (312) 416-3682

Email: bmccready@knowledgenetworks.com

Charles DiSogra – Vice President, Chief Statistician. C. DiSogra is based in the Menlo Park office of Knowledge Networks.

Phone number: (650) 289-2185

Email: cdisogra@knowledgenetworks.com

Larry Osborn – Senior Project Director, Government & Academic Research. L. Osborn is based in the Chicago office of Knowledge Networks.

Phone number: (212) 416-3666

Email: losborn@knowledgenetworks.com

Methodology

Introduction

The ANES panel was recruited by Knowledge Networks using similar processes to those employed for recruitment to its KnowledgePanelSM, so that it is representative of the entire U.S. population. Full details regarding ANES panel methodology will be released by ANES project staff later in 2009. A brief overview of the methodology is provided below.

ANES Recruitment Methodology

ANES panel members were randomly recruited by telephone and households were provided with access to the Internet and hardware if needed. Unlike other Internet research that covers only individuals with Internet access who volunteer for research, Knowledge Networks surveys are based on a sampling frame that includes both listed and unlisted phone numbers, and is not limited to current Web users or computer owners. ANES Panelists were selected by chance to join the panel; unselected volunteers were not able to join the ANES panel.

For the ANES panel, Knowledge Networks initially selected households using random digit dialing (RDD) sampling methodology. Once a household is contacted by phone and a household member is recruited to the panel by obtaining their e-mail address or setting up an e-mail address, panel members are sent surveys over the Internet using e-mail (instead of by phone or mail). This permits surveys to be fielded quickly and economically, and also facilitates longitudinal research. In addition, this approach reduces the burden placed on respondents, since e-mail notification is less obtrusive than telephone calls, and allows research subjects to participate in research when it is convenient for them.

Knowledge Networks' panel recruitment methodology uses the quality standards established by selected RDD surveys conducted for the Federal Government (such as the CDC-sponsored National Immunization Survey).

Knowledge Networks utilizes list-assisted RDD sampling techniques on the sample frame consisting of the entire United States residential telephone population. Knowledge Networks excludes only those banks of telephone numbers (consisting of 100 telephone numbers) that have zero directory-listed phone numbers. Two strata are defined using 2000 Census Decennial Census data that has been appended to all telephone exchanges. The first stratum has a higher concentration of Black and Hispanic households and the second stratum has a lower concentration relative to the national estimates. Knowledge Networks' telephone numbers are selected from the 2+ banks with equal probability of selection for each number within each of the 2 strata, with the Black and Hispanic stratum being sampled at a higher rate than the other stratum .

Telephone numbers for which Knowledge Networks is able to recover a valid postal address is about 60%-70%. The telephone phone numbers for which an address is recovered are selected

with certainty; 75% of the remainder are subsampled randomly. For the ANES panel, the address-matched telephone numbers were sent an advance mailing informing them that they were selected to participate in a monthly study sponsored by Stanford University, the University of Michigan, and the National Science Foundation.

Following the mailing, the telephone recruitment process began for all sampled phone numbers. Cases sent to telephone interviewers were dialed up to 90 days, with at least 19 dial attempts on cases where no one answered the phone and on phone numbers known to be associated with households. Extensive refusal conversion was also performed. Experienced interviewers conducted all recruitment interviews. The recruitment interview, which typically required about 10 minutes, began with the interviewer informing a household member that their household was selected to join the special panel study. If the household did not have a PC and access to the Internet, they were told that in return for completing monthly surveys, the household would be given an MSN TV2 set-top box and free monthly Internet access. All members of the household who were U.S. citizens aged 18 or older as of November 4, 2008 were then enumerated and one such household member was selected for participation on the panel. Some initial demographic variables and background information was then collected from this person.

Those RDD households that informed interviewers that they had a home computer and Internet access were recruited to the panel and asked to take their surveys using their own equipment and Internet connections. Those without Internet access were provided with an MSN TV2 unit, as noted above. Prior to shipment, each MSN TV2 unit was custom configured with an individual e-mail account, so that it was ready for immediate use by the selected panelist. Most panelists are able to install the hardware without additional assistance, though Knowledge Networks maintains a telephone technical support line and will, when needed, provide on-site installation. The Knowledge Networks Call Center also contacts household members who do not respond to e-mail and attempts to restore contact and cooperation. PC panel members provide KN with their e-mail account and their weekly surveys are sent to that e-mail account.

All new MSN TV2 panel members were sent an initial survey to confirm equipment installation and familiarize them with the MSN TV2 unit. For all new panel members, demographics such as gender, age, race, income, and education were collected in a follow-up survey to create a member profile.

ANES Survey Administration

Active, eligible ANES panel members are invited to complete each monthly survey. Once assigned to a survey, members receive a notification e-mail on their MSN TV2 or personal computer letting them know there is a new survey available for them to take. The e-mail notification contains a button to start the survey. No login name or password is required.

E-mail reminders are sent to nonresponding panel members. If e-mail does not generate a response, a phone reminder is initiated. ANES panel members also receive \$10 for each survey that they complete to encourage participation.

Sample Weighting

The design for an ANES panel sample begins as an equal probability sample that is self-weighting with several enhancements incorporated to improve efficiency. Since any alteration in the selection process is a deviation from a pure equal probability sample design, statistical weighting adjustments are made to the data to offset known selection deviations. These adjustments are incorporated in the sample's **base weight**.

There are also several sources of survey error that are an inherent part of any survey process, such as non-coverage and non-response due to panel recruitment methods and to inevitable panel attrition. We address these sources of sampling and non-sampling error using a **panel demographic post-stratification weight** as an additional adjustment.

Lastly, a set of **study-specific post-stratification weights** are constructed to adjust for sample design and survey non-response.

A description of these types of weights follows.

The Base Weight

In an ANES panel sample, there are five known sources of deviation from an equal probability of selection design. These are corrected in the Base Weight and are described below.

1. Under-sampling of telephone numbers unmatched to a valid mailing address

An address match is attempted on all the Random Digit Dial (RDD) generated telephone numbers in the sample after the sample has been purged of business and institutional numbers and screened for non-working numbers. The success rate for address matching is in the 60-70% range. The telephone numbers with valid addresses are sent an advance letter, notifying the household that they will be contacted by phone to join the ANES panel. The remaining, unmatched numbers are under-sampled at a rate of 0.75 as a recruitment efficiency strategy. Advance letters improve recruitment success rates.

2. RDD selection proportional to the number of telephone landlines reaching the household

As part of the field data collection operation, information is collected on the number of separate telephone landlines in each selected household. A multiple line household's selection probability is down weighted by the inverse of its number of landlines.

3. Under-sampling of households not covered by the MSN[®] TV service network

Certain small areas of the U.S. are not serviced by MSN[®], thus MSN TV2 units cannot be used. We under-sample households in these areas and use other Internet Service Providers for their Internet access.

4. Oversampling of African- American and Hispanic telephone exchanges

Knowledge Networks over-samples telephone exchanges with a higher density of minority households (uniquely African American and Hispanic) to increase panel membership for those groups. These exchanges are oversampled at approximately twice the rate of other exchanges. This over-sampling is corrected in the base weight.

5. Selection of one adult in a household with two or more adults

For the ANES panel, participants are selected in two stages: households in the first stage and one eligible person per household in the second stage. A base weight selection correction is made by multiplying the selected person by the inverse of the number of eligible persons residing in the household.

The Panel Demographic Post-stratification Weight

Once the study data are returned from the field, the final qualified respondent data are subjected to an additional post-stratification process to adjust for any non-response and non-coverage as a result of the study-specific sample design.

The primary purpose of this post-stratification adjustment is to reduce the sampling variance for any characteristics highly correlated with the representative study population's demographic and geographic totals (these are referred to as the population benchmarks). This adjustment also helps reduce bias due to survey non-response. The following benchmark distributions are generally utilized for this type of post-stratification adjustment:

- Gender: Female/Male
- Age: 18-29, 30-44, 45-59, 60+
- Race/ethnicity: white (non-Hispanic), black (non-Hispanic), other (non-Hispanic), Hispanic, 2+ race (non-Hispanic)
- Education: Less than high school, high school graduates, some college, college graduates
- Metro, Non-metro status

Comparable distributions are calculated using all completed cases from the field data. Since study sample sizes are typically too small to accommodate a complete cross-tabulation of all the survey variables with the benchmark variables, an iterative proportional fitting is used for the post-stratification weighting adjustment. This procedure adjusts the sample data back to the selected benchmark proportions. Through an iterative convergence process, the weighted sample data are optimally fitted to the marginal distributions.

After this final post-stratification adjustment, the distribution of the calculated weights are examined to identify and, if necessary, trim outliers at the extreme upper and lower tails of the weight distribution. The post-stratified and trimmed weights are scaled to the sum of the total sample size.

It is important to note that the final weighting process and calculations for the ANES as a whole are still in the planning stage. Therefore, the process and calculations ultimately used to develop ANES weights for data released by the ANES later in 2009 may result in weights that differ from those provided with the current file.

Appendix A: Questionnaire

[DISPLAY]

Welcome to the August survey for the Monthly Special Topics Study. Please click the "Next" button to begin.

[DISPLAY]

The questions that follow are being asked of people throughout the United States in order to learn more about individual life styles and how family and friends affect people's decisions. People differ greatly on the answers to these questions. We would appreciate knowing your own views and personal situation.

[GRID, SP ACROSS]

Q1. Here are some issues that are in the news these days. Please indicate how important each issue is to you personally.

Extremely important	Very important	Somewhat important	Not too important	Not at all important
---------------------	----------------	--------------------	-------------------	----------------------

1. Health Care
2. Education
3. Global Warming
4. Abortion
5. Immigration

[GRID, SP ACROSS]

Q2. Now we'd like to ask you some questions about your household.

Does your household:

Yes	No	Not applicable
-----	----	----------------

1. Have an insulated water heater?
2. Have programmable thermostats?
3. Purchase green power (i.e., wind or solar power) from your utility company?
4. Own a hybrid car?

[GRID, SP ACROSS]

Q3. In the last 12 months how often have you or a member of your household done each of the following?

Almost daily	Once or twice a week	A few times a month	Several times a year	Less often	Not applicable
--------------	----------------------	---------------------	----------------------	------------	----------------

1. Washed the car
2. Used pesticides or weed killers during Spring and Summer
3. Watered the lawn in the Spring and Summer
4. Run the dishwasher or washing machine without a full load

[GRID, SP ACROSS]

Q4. In the last 12 months, how often have you personally done each of the following?

Almost daily	Once or twice a week	A few times a month	Several times a year	Less often	Not applicable
--------------	----------------------	---------------------	----------------------	------------	----------------

1. Recycled cardboard packaging or paper
2. Recycled cans, bottles, or containers
3. Eaten chicken, pork, or beef
4. Drunk bottled water
5. Used an alternative mode of transportation other than driving yourself to work (e.g., public transportation, carpooling, walking, riding a bike)
6. Purchased or eaten local produce
7. Purchased or eaten organic produce
8. Reused scrap paper
9. Chosen not to buy a product with too much packaging

[GRID, SP ACROSS]

Q5. In the last 12 months, have you personally regularly done each of the following:

Yes	No	Not applicable
-----	----	----------------

1. Taken your own bags to the grocery store?
2. Used environmentally friendly household cleaners? (For example, Greenworks, Nature's Source, Seventh Generation products)
3. Put on an extra layer of clothing instead of turning up the heat?
4. Bought compact fluorescent light bulbs when you bought light bulbs?
5. Bought toilet paper made from recycled paper?
6. Unplugged your cell phone charger when not using it?
7. Turned off lights in rooms that are not being used?

[GRID, SP ACROSS]

Q6. In the last 12 months, have you personally:

Yes	No
-----	----

1. Worked with others in your local community to solve an environmental problem?
2. Suggested to others that they change their behavior for the good of the environment?
3. Volunteered for an environmental project?

[SP]

Q7. About how much was your bill for gas and electricity last month?

Less than \$50	1
\$50 - \$100	2
\$101 - \$150	3
\$151 - \$200	4
\$201 - \$250	5
\$251 - \$300	6
\$301 - \$400	7
\$401 - \$500	8
Over \$500	9
Don't know	10
Not applicable	11

[SP]
Q8. Some mutual funds select the companies that they invest in based on the companies' performance on social and/or environmental criteria. These mutual funds are often called "socially responsible."

Do you have money invested in a socially responsible mutual fund?

- Yes1
- No2
- Not applicable (I don't have any investments)3

[SP]
Q9. Some people compensate for the carbon emissions they generate by purchasing carbon offsets. An example is people who purchase these offsets from an airline when they buy an airline ticket.

In the last 12 months, have you purchased a carbon offset?

- Yes1
- No2

[SP]
Q10. Fair trade products are ones that are produced in accordance with social and environmental standards. They are labeled as "fair trade" products.

In the last 12 months, have you intentionally purchased fair trade products?

- Yes1
- No2

[SP]
Q11. In the last 12 months, have you donated to environmental organizations?

- Yes1
- No2

[If Q11=1, get Q12]

[SP]
Q12. How much have you donated to an environmental organization in the last 12 months?

- \$1-\$501
- \$51-\$2002
- \$201-\$1,0003
- More than \$1,0004

[SP]
Q13. Now we want to ask you some questions about how you view other people. Generally speaking, would you say that most people can be trusted or that you can't be too careful in dealing with people?

- People can be trusted1
- You can't be too careful2
- Depends3

[GRID, SP ACROSS]

Q14. Next, we'd like to know how much you trust different groups of people. Generally speaking, how much do you trust:

A lot	Some	Only a little	Not at all	Not applicable
-------	------	---------------	------------	----------------

1. Your neighbors
2. People at work
3. People at your congregation or place of worship
4. People you meet online on the computer

[GRID, SP ACROSS]

Q15. Now we would like to know which groups you talk to most often about different issues.

How often do you discuss professional athletes or celebrities with:

Several times a week	Once or twice a week	A few times per month	Once a month	Less often	Not applicable
----------------------	----------------------	-----------------------	--------------	------------	----------------

1. People at work
2. People at your congregation or place of worship
3. Neighbors
4. Friends
5. Family members
6. People you meet online on the computer

[GRID, SP ACROSS]

Q16. How often do you discuss news and current events with:

Several times a week	Once or twice a week	A few times per month	Once a month	Less often	Not applicable
----------------------	----------------------	-----------------------	--------------	------------	----------------

1. People at work
2. People at your congregation or place of worship
3. Neighbors
4. Friends
5. Family members
6. People you meet online on the computer

[GRID, SP ACROSS]

Q17. How often do you discuss ways to conserve gas, energy, and water with:

Several times a week	Once or twice a week	A few times per month	Once a month	Less often	Not applicable
----------------------	----------------------	-----------------------	--------------	------------	----------------

1. People at work
2. People at your congregation or place of worship
3. Neighbors
4. Friends
5. Family members
6. People you meet online on the computer

[GRID, SP ACROSS]

Q18. How often do you discuss environmental problems such as water pollution and air pollution with:

Several times a week	Once or twice a week	A few times per month	Once a month	Less often	Not applicable
----------------------	----------------------	-----------------------	--------------	------------	----------------

1. People at work
2. People at your congregation or place of worship
3. Neighbors
4. Friends
5. Family members
6. People you meet online on the computer

[GRID, SP ACROSS]

Q19. How often do you discuss ways to slow down global warming with:

Several times a week	Once or twice a week	A few times per month	Once a month	Less often	Not applicable
----------------------	----------------------	-----------------------	--------------	------------	----------------

1. People at work
2. People at your congregation or place of worship
3. Neighbors
4. Friends
5. Family members
6. People you meet online on the computer

[GRID, SP ACROSS]

Q20. Please tell us how much you agree with the statement below.

Strongly Agree	Agree	Neither agree nor disagree	Disagree	Strongly Disagree
----------------	-------	----------------------------	----------	-------------------

1. I like other people to think I do things to help the environment

[GRID, SP ACROSS]

Q21. Please tell us how many of the following people you think do things to help the environment.

Most of them	Some of them	Few of them	None of them	Don't know	Not applicable
--------------	--------------	-------------	--------------	------------	----------------

1. People at work
2. Friends
3. Neighbors
4. Family members

[GRID, SP ACROSS]

Q22. To what extent do the following people provide you with a sense of community or feeling of belonging?

A lot	Some	A little	Not at all	Not applicable
-------	------	----------	------------	----------------

1. Friends
2. Neighbors
3. People at a place of worship
4. People in your town or city
5. People at work
6. People who share your ethnic background
7. People you have met online on the computer

[SP]
Q23. Now we'd like to ask you a few questions about the local community where you live. How many years have you lived in your local community?

- Less than one year1
- One to two years.....2
- Three to five years3
- Six to ten years4
- Eleven to twenty years.....5
- More than twenty years.....6

[SP]
Q24. Do you expect to be living in your local community five years from now?

- Yes1
- No.....2
- Not sure3

[SP]
Q25. Overall, how would you rate your local community as a place to live?

- Excellent1
- Good2
- Fair3
- Poor.....4

[SP]
Q26. Overall, how much impact do you think a person like you can have in making your local community a better place to live?

- A big impact1
- A moderate impact.....2
- A small impact.....3
- No impact at all4

[SP]
Q27. If public officials asked everyone to conserve water or electricity because of some emergency, how likely is it that most people in your local community would cooperate?

- Very likely.....1
- Likely2
- Neither/Depends3
- Unlikely4
- Very Unlikely5

[SP]
Q28. Please tell us about the local community in which you currently live.

Yes	No	Don't know
-----	----	------------

1. Does your local community have a recycling program?
2. Is there a store near your home where you can buy organic food?

[SP]

Q29. Now we want to ask you about friends and family.

About how many close friends do you have these days? These are people you feel at ease with, can talk to about private matters, or call on for help. They may or may not be your relatives.

- No close friends 1 **[SKIP TO Q34]**
- 1 close friend.....2
- 2 close friends.....3
- 3 close friends.....4
- 4 -5 close friends.....5
- 6-10 close friends.....6
- More than 10 close friends7

[SP]

Q30. Have you been close to **[SHOW IF Q29=1: this friend]** **[SHOW IF Q29#1: all these friends]** for more than two years?

- Yes.....1
- No2

[PROGRAMMER NOTE: Q31A TO Q31D ARE EACH SP AND SHOULD APPEAR ON THE SAME PAGE. PLEASE RUN RESPONSE OPTIONS ACROSS FOR EACH QUESTION.]

Now we'd like to ask you for more information about your closest **[SHOW IF Q29=1: friend]** **[SHOW IF Q29#1: friends]**. Thinking about your closest friend, is that person:

- Q31a.
- Male.....1
 - Female2

- Q31b.
- Black.....1
 - White2
 - Hispanic.....3
 - Asian4
 - Other race ethnicity5

- Q31c.
- someone who didn't finish high school1
 - a high school graduate2
 - college graduate.....3
 - someone with more than a college education.....4

- Q31d.
- Politically liberal.....1
 - Politically moderate2
 - Politically conservative3

- Q31e.
- Your spouse/partner.....1
 - Other relative.....2
 - Co-Worker3
 - Neighbor.....4
 - Other5

[PROGRAMMER NOTE: IF Q29=2, SKIP TO Q34]

[PROGRAMMER NOTE: Q32A to Q32D ARE EACH SP AND SHOULD APPEAR ON THE SAME PAGE. PLEASE RUN RESPONSE OPTIONS ACROSS FOR EACH QUESTION.]

Now thinking about your next closest friend, is that person:

Q32a.
Male.....1
Female2

Q32b.
Black.....1
White2
Hispanic.....3
Asian4
Other race ethnicity5

Q32c.
someone who didn't finish high school1
a high school graduate2
college graduate.....3
someone with more than a college education.....4

Q32d.
Politically liberal.....1
Politically moderate2
Politically conservative3

Q32e.
Your spouse/partner.....1
Other relative.....2
Co-Worker3
Neighbor.....4
Other5

[PROGRAMMER NOTE: IF Q29=3, SKIP TO Q34]

[PROGRAMMER NOTE: Q33A to Q33D ARE EACH SP AND SHOULD APPEAR ON THE SAME PAGE. PLEASE RUN RESPONSE OPTIONS ACROSS FOR EACH QUESTION.]

Now thinking about your third closest friend, is that person:

Q33a.
 Male.....1
 Female2

Q33b.
 Black.....1
 White2
 Hispanic.....3
 Asian4
 Other race ethnicity5

Q33c.
 someone who didn't finish high school1
 a high school graduate2
 college graduate.....3
 someone with more than a college education.....4

Q33d.
 Politically liberal.....1
 Politically moderate2
 Politically conservative3

Q33e.
 Your spouse/partner.....1
 Other relative.....2
 Co-Worker3
 Neighbor.....4
 Other5

[SP]

Q34. How many of your relatives live within an hour's drive of your home? Do not include relatives living with you.

Many1
 Some.....2
 A few3
 None..... 4 **[SKIP TO Q36]**

[SP]

Q35. How often do you see any of these relatives?

every day or almost every day1
 once a week.....2
 almost every week3
 once or twice a month.....4
 a few times a year.....5
 once a year or less.....6
 never7

[SP]

Q36. How many friends do you have who live within an hour's drive of your home?

Many1
 Some.....2
 A few3
 None..... 4 **[SKIP TO Q38]**

[SP]

Q37. How often do you see any of these friends?

- every day or almost every day1
- once a week.....2
- almost every week3
- once or twice a month.....4
- a few times a year.....5
- once a year or less.....6
- never7

[SP]

Q38. How many neighbors do you know and talk to regularly?

- Many1
- Some.....2
- A few3
- None.....4

[GRID, SP ACROSS]

Q39a. Please indicate if in the past 12 months you have actively participated in any of the following types of groups or organizations.

Yes	No
-----	----

1. Fraternal or service group (e.g., Rotary, Elks)
2. Veterans group
3. Political club
4. Labor union
5. Sports club
6. Youth group
7. School service
8. Hobby club
9. Neighborhood association or community group
10. Nationality group
11. Farm organization
12. School fraternity
13. Literary or art group
14. Professional society
15. Environmental group
16. Church group

[PROGRAMMER NOTE: FOR EVERY Q39A OPTION= “YES”, SHOW FOLLOW-UP QUESTION WITH LIST OF Q39A OPTIONS IN SP GRID FORMAT]

Q39b. How much a part of these groups do you feel?

A lot	A little	Somewhat	Not at all
-------	----------	----------	------------

[SP]

Q40. In this part of the survey, we will ask you about your attitudes and opinions regarding the environment and about your views on environmental policies.

In your opinion, how likely is it that climate change will affect you personally in the future?

- Very likely.....1
- Likely2
- Unlikely3
- Very unlikely.....4

[SP]

Q41. Please indicate to what extent you agree or disagree with the following two statements:

We worry too much about the future of the environment and not enough about prices and jobs today.

- Strongly agree.....1
- Agree2
- Neither agree nor disagree3
- Disagree.....4
- Strongly disagree5

[SP]

Q42. It is just too difficult for someone like me to do much about the environment.

- Strongly agree.....1
- Agree2
- Neither agree nor disagree3
- Disagree.....4
- Strongly disagree5

[SP]

Q43. In your opinion, to what extent is the following statement true: "Every time we use coal or oil or gas, we contribute significantly to climate change."

- Definitely true1
- Probably true.....2
- Probably not true.....3
- Definitely not true4

[SP]

Q44. Would you describe yourself as an environmentalist?

- Yes, definitely.....1
- Yes, somewhat2
- No3

[SP]

Q45. If you had to choose, which one of the following would be closest to your views?

- Government should let ordinary people decide for themselves how to protect the environment, even if it means they don't always do the right thing.....1
- Government should pass laws to make ordinary people protect the environment, even if it interferes with people's right to make their own decisions.2

[SP]

Q46. Do you favor or oppose the U.S. government using its tax revenues to finance projects in developing countries intended to increase the health and education of people in these countries?

- Strongly favor1
- Favor2
- Oppose3
- Strongly oppose4

[SP]

Q47. One plan to reduce climate change would have the government further increase gasoline taxes to discourage gasoline consumption and emissions of greenhouse gases. Would you favor or oppose this proposal?

- Strongly favor1
- Favor2
- Oppose3
- Strongly oppose4

[SP]

Q48. One plan to reduce climate change would have the government set a limit on the amount of greenhouse gas emissions that companies could produce each year. Companies that exceed that limit would face fines, but they could avoid those penalties by paying money to other companies that produced fewer emissions than allowed. This policy may result in higher prices for consumers. Would you favor or oppose this proposal?

- Strongly favor1
- Favor2
- Oppose3
- Strongly oppose4

[SP]

Q49. Another plan to reduce climate change would have the government tax companies that emit greenhouse gases. This policy may result in higher prices for consumers. Would you favor or oppose this proposal?

- Strongly favor1
- Favor2
- Oppose3
- Strongly oppose4

[SP]

Q50. Do you favor or oppose the government supporting research and development of alternative energy (e.g., wind or solar power), even if it means that less money would be available for other government programs?

- Strongly favor1
- Favor2
- Oppose3
- Strongly oppose4

[GRID, SP ACROSS]

Q51. On a scale of 1 to 10 with 10 being never justifiable and 1 being always justifiable, how often can the following behaviors ever be justified?

1	2	3	4	5	6	7	8	9	10
Always Justifiable									Never Justifiable

1. Cheating on your taxes
2. Riding public transportation without paying the fare
3. Downloading copyrighted music or movies without permission
4. Buying stolen goods

[GRID, SP ACROSS]

Q52. Now, we'd like to ask you about how you feel about your life

Below are five statements with which you may agree or disagree. Please indicate how you feel about each item.

Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree
----------------	-------	----------------------------	----------	-------------------

1. In most ways my life is close to ideal.
2. The conditions of my life are excellent.
3. I am satisfied with my life.
4. So far, I have gotten the important things I want in life.
5. If I could live my life over, I would change almost nothing.

[SP]

Q53. All things considered, on a scale from 1 to 10, how satisfied are you with your life as a whole these days, with 1 being the least satisfied and 10 indicating the most satisfied?

1	2	3	4	5	6	7	8	9	10
Least Satisfied									Most Satisfied

[SP]

Q54. Would you say your current health is

- Excellent 1
- Very good..... 2
- Good 3
- Fair 4
- Poor..... 5

[GRID, SP ACROSS]

Q55. Please indicate whether the following events happened to you in the last two years:

Yes	No
-----	----

1. You got married or moved in with a partner
2. You got divorced or separated
3. You became a parent
4. Your child began elementary school/kindergarten
5. Your child finished high school
6. Some close friends or relatives moved away from your town/neighborhood/city
7. Your house was foreclosed on, you fell behind in mortgage payments, or you declared bankruptcy
8. You fell behind on your credit card payments
9. You lost your health insurance

[GRID, SP ACROSS]

Q56. In the last two years, did you experience significant financial expenses/losses due to:

Yes	No
-----	----

1. Unexpected car/home repairs
2. Unexpected medical/dental expenses
3. Accidents/fire/natural disaster
4. Crime against you or family
5. Unexpected lawsuits or legal fees

[GRID, SP ACROSS]

Q57. In the last two years, did you lose or change your job because:

Yes	No
-----	----

1. You were fired or laid off
2. The plant you worked at closed
3. Of poor health (you or a family member)
4. You quit for reasons other than health

[GRID, SP ACROSS]

Q58. In the last two years, did you experience the death of a:

Yes	No
-----	----

1. Spouse
2. Child
3. Parent
4. Close friend

[SP]

Q59. Finally, we'd like to ask a few questions about the role that religion may play in your life.

To what extent do you consider yourself to be a religious person?

- Very religious1
- Moderately religious.....2
- Slightly religious3
- Not at all religious4

[SP]

Q60. To what extent do you consider yourself to be a spiritual person?

- Very spiritual1
- Moderately spiritual.....2
- Slightly spiritual3
- Not spiritual at all4

[PROGRAMMER NOTE: SKIP TO END IF ANSWER D TO BOTH 59 & 60]

[SP]

Q61. Would you say that you have been “born again” or have had a “born again” experience – that is, a turning point in your life when you committed yourself to Christ?

Yes.....1
No2

[SP]

Q62. How many of your friends go to your church or place of worship?

All1
Most2
About half3
A few4
None.....5
Don't know6
I don't have a place of worship 7 **[SKIP TO Q64]**

[GRID, SP ACROSS]

Q63. We would like to know if the environment is an issue of concern within your religious community. Please answer yes or no to the following questions about your congregation or place of worship:

Yes	No
-----	----

- 1. During the past year, have you heard a sermon, lecture or group discussion in your congregation that dealt with protecting the environment?
- 2. To your knowledge, does your congregation have a committee or group that addresses environmental issues?

[SP]

Q64. During the past 12 months have you been involved in a religious environmental organization (such as Interfaith Power and Light)?

Yes.....1
No2

[GRID, SP ACROSS]

Q65. Please tell us the extent to which you agree or disagree with the following statements.

	Strongly Agree	Agree	Neither agree nor disagree	Disagree	Strongly Disagree
My religion encourages me to be a steward of the environment					
My religion encourages me to take care of the environment as part of my obligation to work for justice					
My religion encourages me to take care of the environment because it has an intrinsic value apart from its usefulness to humans
